**1. Staff Salary:**

For the last four months we were not in a position to pay the staff salary. But it is their rights to have their remuneration in time. When they are tension free they can perform their service to the children (i.e. care taking, education) more appropriately. However after having your support we have paid them Tk. 52,000 against their salaries for the month of February and March. We may therefore request you to please pay your kind attention in this regard.

## **2. Construction of Latrines:**

For creation of hygienic and secured environment it is crucial need to construct hygienic latrine for our children. But sorry to say that previously we were not in a position to build the same in a good order; it was totally Kacha earth pit latrine. But now we are constructing the same in

Latrine Construction

hygienic and standard one using ceramic commode and other fittings. In the meantime 75% of the total work has been completed. We spent Tk. 60,450 from your part and Tk. 40,500 from organization. We need more Tk. 40,500 for completion. We would like to draw your urgent attention as in our country rainy season is coming after a month. Our children are happy to see the construction of modern latrine for them.

## **3. Hostel Construction (rest work):**

During your visit you have already observed that some portion of the construction was completed and laid undone due to fund crisis. But after having your support we have restart the same and in the mean time more than 50% construction have been completed. When we have received cash from you, local community encouraged providing materials' like bamboo, timber. And in

cash we paid Tk. 30,000 thus total cost of materials including cash stands Tk. 150,000. For rest construction we need Tk. 200,000 for completion of construction. Now we don't have the provision to get electricity from Government. Thus we do not need money for

electrification. As I discussed on phone that very shortly (after a month) we will be in rainy season and it will rain cats and dogs. Therefore it is urgently need to complete the construction within a month. We sincerely do hope you will realize the situation and do the needful.

#### **4. Ring well (for supply safe water):**

Ring well construction

To ensure safe water for drinking and household use construction of a ring well was our urgent need to keep the children waterborne diseases free and healthy. Near about 80% of construction work has been completed. It has been done having support of Tk. 50,300 from your part and organization has born Tk. 20,000. We need more Tk.

29,700 for completion of rest construction work. We do hope after getting safe water the children will not frequently suffer with diseases as before.

#### **5. 2 storied beds:**

In the mean time 15 Nos. out of 30 Nos 2 storied beds have been completed and 30 children are now sleeping with comfort. But rest children are still now sleeping on floor. We have make commitment to provide them within short possible time. Children will be happy to have the arrangement of sound sleeping. From your part we have receive Tk. 62,000 and from our organization Tk. 50,500 to complete 15 nos. Beds. We need more Tk. 112,500 for completion of the rest 15. Please consider the fact with sympathy.

## **6. Junior High school:**

Our children did not have good space or room for school. Now we have make arrangement of the same having good environment. We have constructed a tin shade house with bamboo made fence and wooden structure with Kacha floor. Now children fell more comfort to attend in the class than before. From your part we have paid Tk. 26400 and from our organization Tk. 73,600 (including community contribution in kinds) and completed the same with four rooms.

## **Findings:**

After continuation of your support our orphan and distressed children are going to fulfill their dream that they will have a child friendly environment where they will be able to live and continue their education toward self-reliance and suitability. A positive change is being occurred in overall management of our organization. Now the parents as well as community people are more involved and participating with organizational activities. They regularly attend the Parents Committee meeting.

## **Conclusion:**

The above report is based on activities undertaken after having your fund and it is just the starting of interventions toward improvement of our Child Home. Therefore results or outcomes not yet been achieved from the said interventions. Therefore we will present the outcomes/results of interventions in next following reports gradually accordingly as mentioned in our proposed project plan. It is mainly presents the progress of the interventions and utilization of fund. Organization will always agree to furnish any sorts information as you ask for. We also request your valuable advice and suggestion time to time.

We behalf of our organization and sweet children express our heartily gratefulness to you and the kindhearted people who also support your noble endeavors toward fulfillment the dream of orphan and distressed children specially our tribal children
