1. Staff Salary:

Staffs are the key to run and manage an organization smoothly. Therefore it is our pleasure that we are now in a position to pay regular salaries to our staff after having your regular support. We have paid the salaries to our staff for the month of November and December 2009 Tk. 48,000. Staffs are more satisfy after having their regular payment. During the reporting period it has been observed that their performance is satisfactory. They are dedicated and committed to serve the distressed and orphan children with their parental love. Staff as well as the student attendance was more satisfactory. Annual result of the students is better than previous year. After a year to justify the merit and progress of the children in their respective classes 2 terminal exams especially annual examination held at the end of the year at 12 learning centers. More than 98% students promoted from their classes having good results.

2. Organize sports Program:

To make the children mentally and physically healthy and happy they need sports and recreation facilities. Aiming to full fill the needs organization provides the children out door and indoor game facilities on regular basis. In this event, during the reporting period organization has distributed necessary sports materials among the children. In addition

villagers. Some prominent guests were also invited in this occasion. This ceremony was chaired by the Mongyeo Marma, Chief Executive, Franco Hill Child Home and prizes were distributed by the Chief Guest. Function was addressed by teachers, and the guests.

4. Experience sharing visit

An experience sharing visit for the children was organized from 29th to 30th of December 09 under which was participated by the children, the staff and its executive committee members. Our children as well as the participants were very happy and delighted to enjoy the visit as they never get such opportunity to avail the picnic party or to see the new places or to share the new experiences. Therefore it was their first practical experience in sharing new experiences. All participants specially children enjoyed the said event very much and learnt and share the experience from the new places and new events. The teachers were with them and help them in this regards. (Famous Buddhist temple, river, paper mill,) Participants visited Karnafuly Paper Mills the biggest in Asia, famous Buddhist temple, fruit garden, river, Christian Hospital. They also have sports and cultural function. Children enjoyed the said event very much and learnt and share the experience from the new places and new events. The teachers were with them and help them in this regards.

5. Food for children:

Organization is very pleased to provide the regular food to the children after having your regular support. Now organization is providing regular balanced food to the children. Therefore they are healthy and happy. Besides, organization also now tension free and happy to provide more nutritious food to the children than before. The previous

situation is improving day by day. Now it is regular. Thanks to you and your friend circle for good support and deep feeling for our children. Really we are very happy to see our children with smiling face. We expect to see this situation in coming days also therefore would like to draw your kind attention toward sustainability and solvency of our organization to reduce the dependency on donor support in future.

6. Supply of teaching and learning education materials:

Parents participated in annual sports program

During the reporting period organization provide learning materials (exercise books, pen. Pencils etc..) as before which are continuous and regular process. Now the children are availing child friendly quality education environment. Materials are the best support to provide to the children. Now the teachers and children are very helpful to have adequate materials support to have a quality education.

They are getting the said support regularly as per their needs. Teachers also get sufficient teaching materials which enable them to teach the children on participatory approach or child to child approach. In December books were distributed to all children. Children were very happy to have new books at just time.

7. Distribution of Blanket:

Children were provided with one blanket which enables them to save from the cold in winter season. Really it was very helpful for them to protect cold and to save from various diseases. Children were very happy to have the blankets at due time.

8. Distribution of cloths/dress:

Each of the children was provided with necessary clothes and dress. Generally organization provides them cloths twice in a year excluding school dress. School dress is also provided once in year.

9. Treatment of Children:

During the reporting period the children are doing fine. But the previous 7 months were very tragedy for them. Most of the children had been frequently suffering (5- 6 times) from strange disease which could not be identified by the trained doctors resulting anxiety among us. But luckily the situation has been changed. Now the children are no more suffering from that type of diseases. Regular health care is given to the children. They are providing with good treatment with good doctors and necessary medicine supplied to them accordingly. God listen our prayer we thank God for his mercy that He has treated His children. We do hope you will inform the good news to your friend circle. Once again, we realize the importance of keeping one Nurse and special space for the sick. But we cannot afford. Therefore we would request you to please pay your kind attention in this regard.

10. Observation of religious festival WAGYAPOYEE and Christmas:

Child Home observed the Christmas festival through distribution of Cake among the children and expresses their solidarity with the Christian community of the world. Children were enjoying the days through dancing, singing. Special food was provided to the children. Organization observed their own religious festival with good respect and dignity which is the 2nd significant religious festival among the Buddhist community. These days were observed through prayer, cake preparation, dancing, singing, visiting neighboring houses and fanus flying.

Findings:

After continuation of your support the situation of our children are improving and now they are getting a good environment to build up their carrier. We are also hopeful about our organizational future. A positive change is being occurred in overall management of our organization. Now the parents as well as community people are more involved and participating with organizational activities. They regularly attend the Parents Committee meeting. Some income generation activities have been taken and are being implemented successfully toward sustainability and self-solvency of organization in future.
